Education- University of Kentucky

Bachelors in Computer Science and Mathematics GPA: 3.65

Grade: Junior Projected Grad Date: Dec 2015

EXPERIENCE

Undergraduate TA CS 115, University of Kentucky

August 2014 - Present

I assist students with learning Python as a basis to learn Programming principles in labs as well assisting them personally on top of grading papers.

EAI Developer Intern, Ashland Inc.

Lexington, Ky Dec. 2012 - Aug - 2014

As part of the Enterprise Applications Integration, it was my job to make sure assets used by Ashland Inc. cooperated with each other and I corrected errors when they occurred. I also wrote Unix scripts to automate tasks and set up new Clients on SAP and in WDI for electronic business.s

Shift Manager, McDonald's

Shelbyville, KY— 2005-2008

Managed employees to fulfill customers' needs by optimizing human resources. Served as a point person for customer service. Reconciled revenues, including \$3000 daily. Trained employees to comply with quality standards. Evaluated employees using company metrics and provided constructive feedback.
